Dear Governor Cooper,

Please deny all permits for the Atlantic Coast Pipeline! The oil & gas market is glutted. They have been fracking all over this country since at least 2006 and in over 34 states back in 2010. I have family & friends who have been deeply effected by the oil & gas industry in Pennsylvania especially. I am very familiar with the disastrous side effects of the whole fracking industry. We have even had to deliver tanker trucks of clean water to families in PA who had their well water compromised by this industry. It is devastating! Please do what you can to deny this Pipeline!

thank you,
Janet & Mark Hosey
